\$1,000,000 Investment in New York Assures Permanent Service to Overland and Willys-Knight Owners

Ten Story Building Extending from 57th St. to 58th St., between 10th and 11th Avenues, Will Contain Total Floor Space of 300,000 Square Feet and Will Be Occupied Exclusively by Willys-Overland, Inc.

Overland

Willys-Knight

THE volume of the Overland business in the Metropolitan District is today so great that to render present and future owners of Overland and Willys-Knight cars proper service requires financial investment, facilities and organization possible only through the resources of a great national institution such as Willys-Overland, Inc. Realizing these conditions some time ago, we outlined then a policy for the future that would provide permanent and efficient service and attention for Overland and Willys-Knight owners in this territory. Property was acquired and a modern, up-to-date service branch was started in the heart of Manhattan.

This building will be ready for our exclusive occupancy in a few months, and is the first step in the policy of the Overland Company to attend to the

needs of Metropolitan buyers in an efficient and economical manner. Altho we have been preparing for this step for a long while, before our plans could be matured circumstances outside of our control made it advisable and expedient for us to take over our business here in New York. Pending the completion of our permanent headquarters we are operating temporarily a salesroom at 1826-1828 Broadway, a salesroom at 338 Flatbush Ave., Brooklyn, and a Service Station at 150th and Gerard Ave., Bronx. Other Overland salesrooms in the Metropolitan District will be established in a few days and the locations will be published in the newspapers. At all of these addresses we can assure you of prompt and courteous service.

POWER, PUNCH AND PEP PLUS Fully Equipped \$635 Overland Model, 75B, is the world's most powerful low priced car. It has a 31 1/2 hp en bloc motor that is a perfect marvel for speed, power and endurance. Large, roomy body; attractive, up-to-date streamline design; latest system of ignition; and when you buy it it is fully equipped.

HAVE YOU A SWEETHEART,

son or Brother in camp or upon the Mexican Border? If so, mail him a package of Allen's Foot-Ease, the antiseptic powder to be shaken into the shoes, and sprinkled into the foot bath. It will be of the greatest benefit in that arid, hot climate, where the alkali dust plays havoc with the feet. What remembrance could be so acceptable. Ask your dealer to-day for a 25c box of Allen's Foot-Ease and for a 2c stamp, he will mail it for you.—Adv.
